

7th – 8th NOVEMBER, 2020

hackCBS

ASIA'S LARGEST STUDENT-RUN HACKATHON

LEARN. TEACH. HACK. WIN.

ABOUT **hackCBS**

hackCBS, a legacy being carried forward by students of Shaheed Sukhdev College of Business Studies, University of Delhi, India, aims to collaborate the intellects of programmers, designers, application developers, tech-geeks and newbies in the world of programming for the intensive development of a hack.

At hackCBS, we want to help participants to turn their ideas into reality. These ideas can generally be in the form of websites, applications, projects, or posters. They will have all the freedom to create a product, learn new techniques for your future, or just have fun working on a project with friends. Moreover, we'll offer them a chance to network with other creators & professionals. You will never learn faster than you will at a hackathon. From basic app-building to making your own IoT device, hackCBS will have it all.

OUR PAST EVENTS

Asia's First  Member Hackathon

Sponsored by Microsoft

HIGHLIGHTS

- India's Largest Student-run hackathon
- Asia's first MLH member hackathon
- Received around 1900 applications for hackathon and 900 registrations for conference
- Around 950 developers from 19 States and 13 countries attended the hackathon
- Prizes of worth \$40,000 were awarded
- International mentors and speakers

Sponsoring WYAW

- Gain student awareness of your brand among top student developers and connect with top talent of the country
 - Get access to over **2500+** applicant resumes, portfolios, websites, and GitHub profiles
 - Recruit students and developers who catch your eye. They'll be busy demonstrating their technical and teamwork skills in a high-energy and fast-paced environment
 - Expedite your company's brand recognition and show off your company's technical side through our sponsorship fair, workshops, API demos, and more
 - Run workshops and tutorials. Nothing catches students' eyes more than technologies and talks from those in the industry
